**NOTICE OF ALLOWANCE**

This is a NOTICE OF ALLOWANCE in response to the Amendment filed 11/26/2008. Claims 1-25 remain in the Application.

***Allowable Subject Matter***

Claims 1-25 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious a method as recited in the independent claims 1, 5, 8, 16, 21, including among other limitations, as indicated below:

Claim 1, wherein the first memory access procedure causes a memory module to perform, a memory initialization procedure and a memory test procedure.

Claim 5, memory module initializes one or more memory storage units by generating and sending data packets with initialization data to the one or more memory storage units.

Claim 8, performing a testing procedure, in response to the test command, during which the memory module tests one or more memory storage units.

Claim 12, first memory access procedure is selected from a group of procedures that includes a memory initialization procedure and a memory test procedure, and wherein at least a portion of the first memory access procedure is performed in parallel with at least a portion of the second memory access procedure.

Claim 16, at least one additional memory module performing at least one additional initialization procedure of second memory locations associated with the at least one additional memory module.

Claim 21, performing an initialization procedure in parallel, in response to receiving an initialization command.

Consequently, Claims 1-25 are allowed over the prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
